Course Maps: Maps will be posted on the meet page on centervillegirlsxc.com or www.centervilleboysxc.com

Sanctioning: This meet will be sanctioned for Kentucky, Michigan and Ohio in 2021. Other states interested in being added please contact race directors. New states can be added but all teams must travel less than 300 miles in order to compete.

Overnight Accommodations: There are many great local hotels that are prepared to host teams. In addition, you could try Athletes In Action which has their worldwide headquarters just about 20 minutes away in Xenia, OH. It is a fabulous facility and they have great arrangements for groups at affordable pricing. More information - <http://www.aiasportscomplex.com>

Race Atmosphere: We constantly get feedback from runners that this race is a favorite. They love the huge crowds, the loud music, a PR gong, and great competition. The course begins with a back grass loop before heading onto the track where they pass by the mile marker. Runners then run two farm loops that include a track section.

Spike Length: Since the course hits our track three times, we are asking ALL coaches to help us enforce the 1/4 inch spike rule for this meet. There are no major uphill in this meet, there is no mud, there is no long grass, and realistically there is no need for anything longer than a 1/4 inch spike. We are instructing the officials to check spikes of the athletes 20 minutes before each race along with the normal check in procedure. Please relay this information to your runners.

Traffic: The school driveway is one way. Tell your bus drivers that the entrance is on the south side about 1 mile from State Route 48. Franklin Street is a two-lane road through downtown Centerville heading eastbound. Again, the entrance is on the south side of Franklin St.

Bus Parking: The buses will drop off athletes behind the school next to the stadium. The buses will then be routed to designated bus parking areas at two local schools or a nearby retirement community. There will be portable restrooms available at each parking area as well as trash receptacles. Bus drivers will be provided a map while entering. We strongly encourage bus drivers and coaches to exchange cell phone numbers.

Spectator Parking/Admission: There is an admission/parking charge to park at CHS. It is **\$10 per car and MUST BE PURCHASED ONLINE**. There is not an individual admission fee once inside the high school grounds. We will have parking attendants scanning phones for online purchase parking tickets.

Spectators: No spectators are allowed on the track or field turf areas. Each team will be given coaches' passes and photographer passes for these areas. The best viewing location is in the football stands. The visitor side stands will not be open. No spectators are permitted on the farm. Spectators are asked to refrain from standing along the railing of the stadium. *There will be a **handicap accessible area** of the stadium on the south end of the stadium.*

Course Inspection: **Please note that the farm and the track area will be closed to everyone at 4:45 PM.** Course inspection must be completed prior to this time.

Concessions and Restrooms: Both are available under the football stadium. Additional portable restrooms will also be available closer to the team camps and starting line.

Trainers: Athletic trainers will be located at the finish line. An **EMT** may be stationed by the hill. A sports medicine doctor will be available throughout the entire event. **COACHES please have your athlete's inhalers available on quick notice if they are needed.**

Team Camps: Camps are permissible between the stadium and the parking lots as well as the baseball outfield. Middle School teams are encouraged to use the grassy locations between the parking lot and stadium while high school teams are encouraged to use the baseball outfield. **DUE**

TO A SPRINKLER SYSTEM, NO TENT STAKES MAY BE USED ON THE BASEBALL OUTFIELD. PLEASE RESPECT THE FLAGGED OFF AREAS OF THE BASEBALL FIELD. SECURITY CAMERAS HAVE BEEN INSTALLED AND TEAMS WILL BE HELD RESPONSIBLE.

Chip Timing: This meet is scored utilizing chip timing. Your packet will contain chips and a numbers for your athletes. Make sure the chip and number are assigned to each athlete. Please update your rosters before the deadline and delete anyone not running because we also pay for unused chips. Athletes should return chips to their coaches and coaches will return to the Finishtiming trailer.
